

MORE POWER TO YOU,
TAMPA BAY.SM

THE POWER WE BRING TO ECONOMIC
DEVELOPMENT HELPS COMMUNITIES
THRIVE AND GROW.

TECO ENERGY: GOOD FOR YOUR BUSINESS.

TECO
AN EMERA COMPANY

Bringing business to Tampa: Powering the future of our region

Our affordable energy prices encourage new development, business growth and a thriving community. For residential and industrial sectors, Peoples Gas rates are the lowest in the state and Tampa Electric's rates are the second lowest in the state among investor-owned utilities.

We offer rate structures and provide expert guidance and assistance to encourage businesses to expand or relocate to our service areas.

We help:

- Research labor and tax rates, impact fees, site suitability and quality-of-life information
- Evaluate sites and facilities for electrical service and equipment location
- Access information and referrals on local and state economic incentives and tax credits
- Coordinate governmental development issues
- Facilitate contact with other economic and community development agencies and local chambers of commerce throughout our service areas

RATE CREDITS for eligible businesses

YEAR 1 - 20%

YEAR 2 - 15%

YEAR 3 - 10%

YEAR 4 - 5%

ECONOMIC DEVELOPMENT Rate Highlights
